裕丰雅洁丽塑垫
YUFENG YAJIELI PLASTIC MAT

1992

We start to make moulding and injections products

2002

We start to add new productions which is pvc extrusion floor mats

2009

We start to productions pe artificial grass mat roll, and at the same year, we start the exports business

2010

We start to add new productions which is 3D cushion pads

2015

We start to develop new products such as snow sports surface, mud flaps, poultry pads, 3D cushion pads, pvc antislip and drainage mat rolls

YUFENG YAJIELI PLASTIC MAT

Foshan Chancheng Yufeng Plastic hardware factory, located in Luoge weizai Industrial Development zone, Nanzhuang town, Foshan city, Guangdong province, China. Since establishment in 1992, we have been dedicated ourself to the research and development of different kinds of plastic mats. After more than twenty three years development, our factory has become a professional and strong technical force company.

Base on the needs of modern people's life, we conduct in-depth market research with customers and constantly develop a variety of plastic mats in line with the ever-changing market demands and people's increasing standard of living. From the purchase of raw material, the production process, to the final products out of the factory have to undergo a rigorous quality inspection to ensure quality.

"Market-oriented and Quality reputation" has been adhered to the company's business management. Our company has gradually established a comprehensive distribution network. Not only enjoy a good reputation in the domestic market, the product is also sold oversea.

Our factory area covers about 6500 square meter, and our main production process is injection, extrusion. Right now, we have six different tons injection machine, two extrusion lines of artificial grass mat, one extrusion lines of elastic cushion, two extrusion line of pvc floor mats rolls.

Our main product series has SGS performance test and REACH Certification. They are:

Interlocking floor mat & tiles series

Interlocking grass floor mat and artificial grass mat & rolls series

Pvc anti-slip mat rolls series.

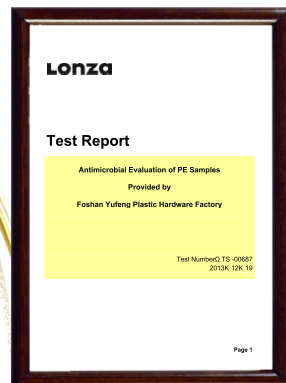

3D elastic cushion series

These floor mats are widely used in hotel, home, office, bathroom, entrance, walkways, balcony, swimming pools, gardens, train and bus, airport, warehouse, workshop, gym floor, garage...ect.

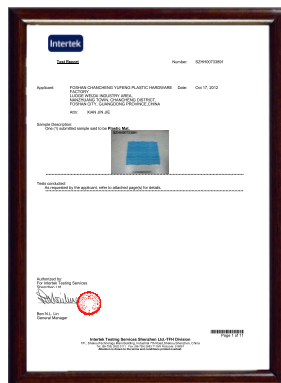

3D cushion is widely used as mattress pad, cushion pad, filters for Koi aquaculture...ect

We will continually innovative, research and develop various plastic mat products to meet the needs for people's living.

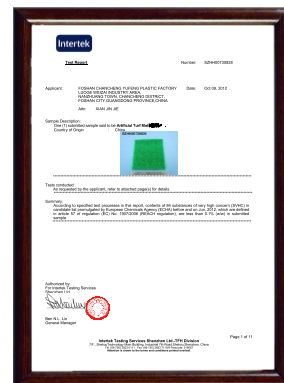

We welcome customers from all over the world to cooperation with us, join hand to create a better tomorrow.
